FEATURES & BENEFITS

- ★ **ERGO AIR SUSPENSION SYSTEM (EAS²)** - Unique seat suspension keeps body weight spread over the chair surface allowing people of all shapes and sizes to sit comfortably for extended periods.
- ★ **ARMRESTS** - Adjust up, down, in and out. Optional armrest can also swing out of the way.
- ★ **LUMBAR SUPPORT** - Infinitely adjustable.
- ★ **SEAT DEPTH AND BACK HEIGHT** - Available adjustments on 3150 models.
- ★ **REPLACEMENT COVERS** - Our frames are nearly indestructible. Make your chair new again by replacing the cover.
- ★ **SAFETY CASTERS** - Smooth dual wheel casters won't freely roll unless someone is sitting in the chair. This virtually eliminates the chance the chair will roll away as the person starts to sit.
- ★ **SEVEN LEG BASE** - Allows for more stability and ease of movement over chairs with 5 legs.
- ★ **HEAVY DUTY FRAME** - Eleven gauge frame for strength and durability.
- ★ **PNEUMATIC CYLINDERS** - Specially manufactured for Concept Seating for durability in 24/7 environment.
- ★ **WARRANTY** - Six year warranty includes coverage of normal wear and tear. Covers occupants up to 550 lbs. (The 550-pound weight capacity is a byproduct of the strength and durability of the chair; not because it is solely intended as a bariatric chair.)
